Section 1: Introduction

a) Purpose of this Guide

The purpose of this Guide is to help you select the right Category of insurance for the work you do. The Category you select determines, among other things, the nature and extent of health care treatment, advice and services covered by your insurance Policy with us.

If you are already insured with MIGA, your renewal as at 1 July 2021 will be based on the information (including your estimate of Gross Income or Sessions) we hold on our files at the time we provide you with our renewal offer. If you would like to change your Category (or any other details) please advise us via the Change of Details Form on our website, send us an e-mail or phone our Client Services Department.

If you are not currently insured with MIGA, this Guide should be used to help you select the right Category of insurance for the work you do.

Within this Guide we have summarised important information for you to note in relation to your insurance and membership for the period 1 July 2021 to 30 June 2022. In particular we draw your attention to the Important Notices set out in Section 13. If you have any questions with any of these, please don't hesitate to contact our Client Services Department.

b) Selecting the right Category

This Guide provides information on:

- Factors you should consider in selecting your Category
- The activities/procedures covered within selected Categories
- Some exclusions which apply to specific Categories.

Cover under your medical indemnity insurance is dependent on the Category you select. It is therefore very important you select the Category that most accurately describes your specific area of practice.

In selecting your Category you should take into account:

- Whether or not you are practising
- The nature of work you undertake (or have undertaken)
- Your qualifications as registered with the Medical Board
- Whether you are indemnified by your employer for your work (i.e. you are a Hospital Doctor - Indemnified by your employer)
- Whether you require cover for prescription writing, referrals, ordering pathology, Good Samaritan Acts or Gratuitous Advice (if you are no longer practising).

You will need to advise us if you practise in more than one Category.

The Categories are divided into the following groupings:

- Specialist
- General Practice
- Skin Cancer Medicine
- Cosmetic Medicine
- Employer Indemnified
- Intern
- Other Practice
- Retired, Retired Compound Life Member and Temporarily Non-Practising.

If you are unclear which Category to select please contact our Client Services Department.

Section 2: Specialists

a) Introduction

There are a range of Categories for Specialists and they are listed in the following tables.

The Category you select should best reflect your qualifications and the nature of the work you undertake.

If you:

- practise in more than one Category; or
- are performing procedures not normally associated with your Category

please provide us with the details and we will assess your circumstances individually.

If you undertake or intend to undertake any cosmetic procedures you will need to be in a Category that specifically provides cover for such cosmetic procedures. Please refer to the Cosmetic Procedure definition (Note 2).

If you undertake, or intend to undertake Bariatric Surgery, you need to be in the Category for Bariatric Surgery, unless you were insured with MIGA as at 30 June 2019 and less than 10% of your annual Gross Income after 1 July 2019 will relate to Bariatric Surgery. Please refer to Note 5.

Notes

In considering your Category please note the following:

- (1) You are not covered under the Policy for matters that arise from practice undertaken under a **Rights of Private Practice Agreement**
- (2) **Cosmetic Procedure** means any procedure directed towards the preservation, correction or improvement of appearance where there are no underlying medical, clinical or pathological reasons for undertaking such procedure, but excludes any professional service in respect of which an eligible person is entitled to a Medicare benefit, within the meaning of the Health Insurance Act 1973.
- (3) **Liposuction** of more than 500mL of aspirate in total must be performed in an accredited day surgery or operating theatre (refer to page 9)
- (4) No cover is provided for procedures involving **fat transfers to breasts** commenced in the period 1 July 2003 to 30 June 2010. For the purpose of this exclusion "commenced" means the date of the first fat injection.
- (5) **Bariatric Surgery**

The Category Bariatric Surgery was introduced from 1 July 2019.

If you were insured or are insuring with MIGA for the first time on or after 1 July 2019 and you:

- undertake any bariatric surgery, you must select the Category Bariatric Surgery, irrespective of the Gross Income you generate from bariatric surgery as a part of your total annual Gross Income
- undertook bariatric surgery prior to 1 July 2019 but have since ceased all bariatric surgery, you will need to declare this fact and a premium loading may apply depending on the volume of bariatric surgery undertaken and when it was last undertaken.

If you were insured with MIGA as at 30 June 2019 and:

- you had previously undertaken, and continue to carry out, bariatric surgery, and:
 - greater than 10% of your annual Gross Income continues to be from bariatric surgery:
 - you must be insured in the Category Bariatric Surgery; and
 - you will continue to be covered for any bariatric surgery undertaken prior to 1 July 2019
- or
- 10% or less of your annual Gross Income is from bariatric surgery, then:
 - you can continue to be insured in the Category that you were insured in as at 30 June 2019; and
 - you will continue to be covered for any bariatric surgery undertaken prior to 1 July 2019

or

- you have ceased bariatric surgery and have not carried out any bariatric surgery on or after 1 July 2019:
 - you can continue to be insured in the Category that you were insured in as at 30 June 2019; and
 - you will continue to be covered for bariatric surgery undertaken prior to 1 July 2019, if the Category that you were insured in was a surgical Category that included cover for bariatric surgery.

Section 2: Specialists *(continued)*

b) Specialist Category listing

Category	Includes	Excludes
Allergy	All activities and procedures normally undertaken by an Allergist which you are appropriately trained, qualified and accredited to undertake	
Anaesthesia	All activities and procedures normally undertaken by an Anaesthetist which you are appropriately trained, qualified and accredited to undertake

Urology	All activities and procedures normally undertaken by a Urologist which you are appropriately trained, qualified and accredited to undertake	
Vascular Surgery	All activities and procedures normally undertaken by a Vascular Surgeon which you are appropriately trained, qualified and accredited to undertake	

Special Condition – Liposuction

If you undertake liposuction procedures you must be insured in one of the following Specialist Categories:

- Dermatology Cosmetic
- General Surgery – Cosmetic, or
- Plastic, Reconstructive and Cosmetic Surgery.

It is also important you note the following conditions that apply to liposuction procedures:

- No cover is provided for claims arising out of liposuction procedures of over 500mL of aspirate in total performed in a non-accredited day surgery or operating theatre
- If you require insurance for liposuction of more than 500mL of aspirate in total, where the procedure will not be undertaken in an accredited day surgery or operating theatre, the following special conditions apply:
 - you need to confirm in writing to us prior to renewal on 30 June that you will commit to your day surgery achieving accreditation within the next 12 months, and
 - a loading will apply to your next renewal insurance premium

Section 3: General Practice

a) Introduction

There are a range of Categories for General Practitioners as follows:

- General Practice
 - Non-Procedural
 - Procedural
 - Rural Private Only (SA Only)
 - Rural Public & Private (SA Only)
- GP Obstetrics
 - Metropolitan Area (Any State)
 - Rural (Other than SA)
 - Rural Private Only (SA Only)
 - Rural Public & Private (SA Only)
- GP Registrar (working outside the public sector)
 - Non-Procedural/Procedural
 - Procedural including Obstetrics

GP Registrars working within the public sector should refer to page 23 for details of our SMO in Training Category.

The Category you select should best reflect your qualifications and the nature of the work you undertake.

If your work is not that of a General Practitioner as outlined in one of the categories for General Practitioners or your Gross Income is not predominantly derived from traditional General Practice, you need to select an alternative Category applicable to the work you are undertaking.

Notes

- (1) **Other than as specifically listed the General Practice Categories do not cover cosmetic procedures as these are covered in the group of Categories called Cosmetic Medicine (refer to Section 5)**
- (2) **Cosmetic Procedure** means any procedure directed towards the preservation, correction or improvement of appearance where there are no underlying medical, clinical or pathological reasons for undertaking such procedure, but excludes any professional service in respect of which an eligible person is entitled to a Medicare benefit, within the meaning of the Health Insurance Act 1973.

Section 3: General Practice *(continued)*

If you require cover as a GP in rural South Australia for the treatment of public patients, it is important you select one of the two Categories that cover this. If you do not select a Category that covers you for treatment of public patients, you will not be insured for claims arising out of treatment of public patients.

If you undertake a particular clinical activity and it is not clear if it is a procedural or non-procedural activity or which Category will apply, please contact us for clarification.

b) Category listing

Category	Includes	Excludes
GP Non-Procedural	<p>Cover is included for non-procedural activities normally undertaken by GPs including:</p> <ul style="list-style-type: none"> • Accident and emergency treatment in hospitals excluding activities and procedures listed under the Category GP Procedural • Acupuncture and laser acupuncture • Allergy testing – Desensitisation • Anaesthesia – Local anaesthesia only including digital block, ankle block and Biers block (no other forms of anaesthesia or sedation for procedures) • Aspiration of blood • Blood transfusions • Breast biopsies – fine needle aspiration only • Clear light treatment (Blue Light) for acne • Cosmetic Medicine Level A procedures (as detailed on page 20) provided Gross Income from such procedures does not exceed 30% of your annual Gross Income • Cryotherapy for treatment of superficial skin lesions • Dislocated joints requiring immediate treatment in surgery setting • Draining hydrocele by fine needle aspiration • Exercise ECG with appropriate resuscitation and back up facilities • Flaps – Small local flaps and grafts excluding hair transplant flaps • Genital warts removal • Haemorrhoid treatments – Banding, injections and ligation • Hormonal implants • Hyperbaric chamber medicine • Hypnotherapy • Immunisation • Implanon / Implanon NXT – Insertion and removal • Impotence treatments – Assessment, intra-cavernosal injections • Intra articular steroid injection • Intravenous injection and venepuncture • IUCD insertion and removal • Joint aspiration • Low level hospital admissions • Lumbar puncture – for diagnostic purposes only • Medical termination of pregnancy • Obstetrics Shared Care (including Ante-natal Care) – As per Shared Care Guidelines (refer to page 17) 	<ul style="list-style-type: none"> • GP Procedural • GP Obstetrics • Laparoscopic procedures • Cosmetic Medical Practice, other than Cosmetic Medicine Level A procedures as detailed on page 20 where Gross Income from such procedures represents more than 30% of annual Gross Income

Section 3: General Practice *(continued)*

Category	Includes	Excludes
GP Non-Procedural <i>(continued)</i>	<ul style="list-style-type: none"> • Orthopaedics – Fractures requiring no reduction or anaesthesia • Own simple limb x-rays – excluding hips and shoulders • Pathology – Desktop only • Photodynamic therapy (PDT) • Post mortems • Post-operative gastric laparoscopic band adjustments • Proctoscopy • Punch biopsy • Removal of foreign bodies from eye under local anaesthesia • Removal of sebaceous cysts • Removal of small skin lesions • Repair of superficial skin lacerations with closure by primary suture • Rigid sigmoidoscopy without biopsy • Skin grafts – Split skin and full thickness less than 3 centimetres • Sporting team/events coverage • Suprapubic bladder tap • Surgical assistance • TENS treatment – Electrical nerve stimulator • Wedge resection of toe nail, excluding complete ablation of the nail bed 	
GP Procedural	<p>Cover is included for all GP Non-Procedural activities plus:</p> <ul style="list-style-type: none"> • Anaesthetics – general and regional (including intravenous sedation and continuous IV sedation for procedures) • Arterial line insertion • Breast biopsy (other than fine needle biopsies as included in GP Non-Procedural) • Bronchoscopy • Chest tube/drain insertion • Circumcision (male only) • Colonoscopy – Where GP is accredited • Colposcopy • Compartment pressure testing • Dilation and curettage • Drainage of priapism • Egg pickup • Endometrial biopsy using pipelle aspirator, gynoscan etc • Endoscopy – Where GP is accredited • Fine needle aspiration biopsy • Endovenous Laser Treatment (EVLT) • Limited emergency ultrasounds • Nerve blocks proximal to wrist and ankle 	<ul style="list-style-type: none"> • GP Obstetrics • Laparoscopic procedures • Cosmetic Medical Practice other than Cosmetic Medicine Level A procedures detailed under GP Non-Procedural • Bariatric Surgery undertaken on or after 1 July 2019. Refer to Note a(5) on page 2

Categories of Insurance for Doctors

Section 3: General Practice *(continued)*

Category	Includes	Excludes
GP Procedural <i>(continued)</i>	<ul style="list-style-type: none"> • Neonatal care up to 72 hours after birth • Neuromyotomy – Non-procedural spinal nerve section • Orthopaedics including reduction of simple fractures • Partial or total ablation of nail growth plate • Pathology • Sigmoidoscopy, including biopsy or procedures • Spinal manipulation under general anaesthetic • Surgery – which you are appropriately trained and accredited to undertake • Termination of pregnancy up to 20 weeks • Vasectomy • X-Rays referred by other practitioners from outside practice 	
GP – Rural Private Only <i>(SA Only)</i>	<ul style="list-style-type: none"> • All GP Non-Procedural – including non-procedural activities undertaken outside of South Australia provided Gross Income from such activities does not exceed 10% of your annual Gross Income – and GP Procedural activities as listed on pages 12 and 13 undertaken in rural areas • Plus care provided to Private In-patients 	<ul style="list-style-type: none"> • GP Obstetrics • Laparoscopic procedures • Public In-patients • Cosmetic Medical Practice other than Cosmetic Medicine Level A procedures as detailed under GP Non-Procedural • Bariatric Surgery undertaken on or after 1 July 2019. Refer to Note a(5) on page 2
GP – Rural Public and Private <i>(SA Only)</i>	<ul style="list-style-type: none"> • All GP Non-Procedural - including non-procedural activities undertaken outside of South Australia provided Gross Income from such activities does not exceed 10% of your annual Gross Income and GP Procedural activities as listed on pages 12 and 13 undertaken in rural areas • Plus care provided to Public and Private In-patients 	<ul style="list-style-type: none"> • GP Obstetrics • Laparoscopic procedures • Cosmetic Medical Practice other than Cosmetic Medicine Level A procedures as detailed under GP Non-Procedural • Bariatric Surgery undertaken on or after 1 July 2019. Section 3: General Practice *(continued)*

Special Conditions – Shared Care and Ante-natal Care

All GPs involved in obstetric care must note the following Shared Care and Ante-natal Care Guidelines which have applied since 1 July 2006.

GP – Shared Care Guidelines

GPs who treat obstetric cases (including the provision of Ante-natal Care) but who are not insured for obstetrics (under the GP Obstetrics or GP Rural Obstetrics Categories) must adhere to the following minimum guidelines to ensure their entitlement to indemnity is maintained under the Policy:

- Shared Care Guidelines
 - All appropriate ante-natal screening tests must be performed
 - The patient must be referred to an Obstetric Hospital/Clinic, Consultant Obstetrician or GP Obstetrician (other than yourself) for consultation before 20 weeks gestation
 - The Obstetric Hospital/Clinic, Consultant Obstetrician or GP Obstetrician must see the patient at 36 weeks (or as dictated by the relevant Shared Care Guidelines applicable to you) and again at term, providing the ante-natal course is uneventful
 - Should any problems occur before 36 weeks (or as dictated by the relevant Shared Care Guidelines applicable to you), the Obstetric Hospital/Clinic, Consultant Obstetrician or GP Obstetrician must be advised and consulted
 - GPs may continue to see pregnant patients for ante-natal visits or for intercurrent medical problems, but in shared care the obstetric care and the delivery of the baby must rest with the Obstetric Hospital/Clinic, Consultant Obstetrician or with a GP who has GP Obstetric insurance arrangements
 - GPs **without** obstetric cover will not be insured if they provide backup for GP Obstetricians on a part time basis or whilst they are away on leave
- If you are required to adhere to more restrictive Shared Care Guidelines which apply in your State, region, hospital or clinic, then those guidelines must also be complied with to maintain your entitlement to indemnity
- You will be covered in an emergency situation (e.g. haemorrhage, premature or imminent delivery) if you render emergency assistance, provided you are insured in another GP Category
- **If you are a GP who is, or plans to be, involved in the induction or management of labour or in the delivery of the infant, then no cover is provided unless you are in the GP Obstetrics or GP Rural Obstetrics Categories, irrespective of whether the delivery is in the public or private system.**

Ante-natal Care Guidelines

General Practitioners who are qualified GP Obstetricians and who:

- provide Ante-natal Care which does not comply with the relevant Shared Care Guidelines applicable to them; or
- are involved in, or plan to be involved in, the induction or management of labour or in the delivery of the infant

must be insured under the GP Obstetrics or GP Rural Obstetrics Categories, irrespective of whether the delivery is being handled publicly or privately.

If a GP Obstetrician is going to be away from his or her practice, then appropriate handover to an Obstetric Hospital/Clinic, Consultant Obstetrician or GP Obstetrician must occur.

Section 4: Skin Cancer Medicine

a) Introduction

There are two Categories specifically dedicated to General Practitioners who specialise in Skin Cancer Medicine as follows:

- Skin Cancer Medicine – Level A
- Skin Cancer Medicine – Level B

The Category you select should best reflect your qualifications and the nature of the work you undertake.

Notes

- (1) If your work is not that of a General Practitioner specialising in skin cancer medicine as outlined on pages 18 and 19 or your annual Gross Income is not predominately (greater than 80%) derived from skin cancer medicine, you must select an alternative Category applicable to the work you are undertaking.
- (2) Other than as specifically detailed on pages 18 and 19 these skin cancer Categories do not cover cosmetic procedures as these are covered in under Cosmetic Medical Practice Categories – refer Section 5.
- (3) Cosmetic Procedure means any procedure directed towards the preservation, correction or improvement of appearance where there are no underlying medical, clinical or pathological reasons for undertaking the procedure, but excludes any professional service in respect of which an eligible person is entitled to a Medicare Benefit, within the meaning of the Health Insurance Act 1973.
- (4) If you are a specialist these skin cancer categories are not available to you and you must select a Category specific to your qualifications and the nature of the work you undertake. Please refer to Section 2 of this Guide.

b) Category listing

Category	Includes	Excludes
Skin Cancer Medicine – Level A	<p>Cover is included for all GP Non-Procedural activities plus:</p> <ul style="list-style-type: none"> • Blocks of the nerves that supply the skin of the face and head excluding eye lid surgery • Cryotherapy for treatment of superficial skin lesions • Curettage and cautery • Immunotherapy/Prescribing topical skin cancer therapies • Local anaesthesia only including digital block, ankle block and biers block but excluding regional nerve blocks • Photodynamic therapy (PDT) for the purpose of skin cancer treatment • Procedures around the bony orbital margin, subject to Gross Income from such work not exceeding 2.5% of total annual Gross Income • Removal of benign moles • Removal of small skin lesions including shave removal • Skin biopsy including punch biopsy excluding breast biopsy • Skin examinations including full body skin checks • Skin excisions • Skin Flaps – Small local flaps and grafts excluding hair transplant flaps • Skin grafts – Split skin and full thickness less than 3 centimetres • Tele Dermatoscopy and digital imaging 	<ul style="list-style-type: none"> • GP Procedural • GP Obstetrics • Laparoscopic procedures • Cosmetic Medical Practice, other than Cosmetic Medicine Level A procedures as detailed where Gross Income from such procedures represent more than 30% of annual Gross Income

Section 4: Skin Cancer Medicine *(continued)*

Category	Includes	Excludes
Skin Cancer Medicine – Level A <i>(continued)</i>	<p>Plus Cosmetic Medicine Level A procedures as detailed below where Gross Income from such procedures represent less than 30% of annual Gross Income:</p> <ul style="list-style-type: none"> • Botulinum toxin injections • Dermal fillers (non-permanent) • Derma rolling / Skin needling • Chemical peels (superficial epidermal only) such as glycolic acid peels • Hyaluronic Acid preparations (excluding Macrolane) • Intense Pulse Light therapy (IPL) • Laser therapy, excluding laser resurfacing • Mesotherapy excluding the injecting of drugs for the primary purpose of dissolving fat • Microdermabrasion • Microsclerotherapy for facial lesions • Photo-rejuvenation • PUVA and UVB treatments • Radio frequency treatment • Sclerotherapy 	
Skin Cancer Medicine – Level B	<p>Cover is included for all Skin Cancer Medicine – Level A activities plus:</p> <ul style="list-style-type: none"> • Anaesthetics – general and regional • Regional nerve blocks • Surgery (provided appropriately trained and accredited to undertake) 	<ul style="list-style-type: none"> • GP Obstetrics • Laparoscopic procedures • Cosmetic Medical Practice, other than Cosmetic Medicine Level A procedures as detailed where Gross Income from such procedures represent more than 30% of annual Gross Income

Section 5: Cosmetic Medicine

a) Introduction

There are a range of Categories for Cosmetic Medical Practitioners as follows:

- Cosmetic Medicine Level A
- Cosmetic Medicine Level B
- Cosmetic Surgery Level C
- Cosmetic Surgery Level D.

The Category you select should best reflect your qualifications and the nature of the work you undertake.

If you are a Specialist undertaking cosmetic work you must select a Specialist Category that meets your requirements (refer to Section 2).

Refer to the table below for details of activities covered under each Category for Cosmetic Medical Practitioners.

If you perform a particular clinical activity and it is not clear which Category will apply, please provide us with the details and we will assess your circumstances individually.

Notes

In considering your Category please refer to the following notes:

- (1) **Cosmetic Procedure** means any procedure directed towards the preservation, correction or improvement of appearance where there are no underlying medical, clinical or pathological reasons for undertaking such procedure, but excludes any professional service in respect of which an eligible person is entitled to a Medicare benefit, within the meaning of the Health Insurance Act 1973.
- (2) **Liposuction** of more than 500mL of aspirate in total must be performed in an accredited day surgery or operating theatre (refer to page 21)
- (3) No cover is provided for **fat transfers to breasts** commenced in the period 1 July 2003 to 30 June 2010. For the purpose of this exclusion "commenced" means the date of the first fat injection.

b) Category listing

Category	Includes	Excludes
Cosmetic Medicine Level A	<ul style="list-style-type: none"> • GP Non-Procedural activities as listed on pages 11 and 12 • Plus the following: <ul style="list-style-type: none"> ◦ Botulinum toxin injections ◦ Chemical peels (superficial epidermal only) such as glycolic acid peels ◦ Dermal fillers (non-permanent) ◦ Derma rolling / Skin needling ◦ Facial thread lifts using absorbable threads ◦ Gortex facial implants ◦ Hyaluronic Acid preparations (excluding Macrolane) ◦ Intense Pulse Light therapy (IPL) ◦ Laser therapy, excluding laser resurfacing ◦ Lipo-dissolving including Belkyra ◦ Lipolytic treatments including coolsculpting ◦ Mesotherapy excluding the injecting of drugs for the primary purpose of dissolving fat ◦ Microdermabrasion ◦ Microsclerotherapy for facial lesions ◦ Photo-rejuvenation ◦ Platelet Rich Plasma (PRP) injection therapy for cosmetic applications only ◦ PUVA and UVB treatments ◦ Radio frequency treatment ◦ Sclerotherapy ◦ Tattoo removal using Q-Switched lasers 	<ul style="list-style-type: none"> • GP Procedural activities • Cosmetic Medicine Level B • Cosmetic Surgery Levels C and D

Section 5: Cosmetic Medicine *(continued)*

Category	Includes	Excludes
Cosmetic Medicine Level B	<ul style="list-style-type: none"> GP Procedural activities as listed on pages 12 and 13 Cosmetic Medicine Level A 	<ul style="list-style-type: none"> Cosmetic Surgery Levels C and D
Cosmetic Surgery Level C	<ul style="list-style-type: none"> Cosmetic Medicine Level B Plus the following: <ul style="list-style-type: none"> Dermabrasion Dermal fillers (permanent) Facial thread lifting procedures (not in association with skin excision) Facial implants Hair transplant using follicular unit extraction only Injecting drugs for the primary purpose of dissolving fat Laser resurfacing Liposuction/lipoplasty (including breast reduction via liposuction alone) Medium and deep chemical peels (dermal peels using agents such as phenol and trichloroacetic acid) Polylactic Acid based injectables 	<ul style="list-style-type: none"> Cosmetic Surgery Level D
Cosmetic Surgery Level D	<ul style="list-style-type: none"> Cosmetic Surgery Level C Plus the following: <ul style="list-style-type: none"> Abdominoplasty Blepharoplasty Cosmetic rhinoplasty Face lift Fat transfers Hair transplant procedures (including scalp reductions/ flaps) Labioplasty Mammoplasty – reduction/augmentation Otoplasty Penile lengthening /thickening 	

c) Special Condition – Liposuction

If you undertake liposuction procedures you must be insured in one of the following Categories:

- Cosmetic Surgery Level C
- Cosmetic Surgery Level D.

It is also important you note the following conditions that apply to liposuction procedures:

- No cover is provided for claims arising out of liposuction procedures of over 500mL of aspirate in total performed in a non-accredited day surgery or operating theatre
- If you require insurance for liposuction of more than 500mL of aspirate in total, where the procedure **will not** be undertaken in an accredited day surgery or operating theatre, we may consider an extension to cover subject to the following special conditions:
 - you will need to confirm in writing to us prior to renewal on 30 June that you will commit to your day surgery achieving accreditation within the next 12 months, and
 - a premium loading will apply to your insurance, including in relation to your next renewal premium

Section 6: Hospital Doctor - Employer Indemnified Categories

a) Introduction

There are a range of Categories for doctors who are employed in a hospital and **indemnified by their employer**. They are listed in the following table. We refer to doctors insured in these Categories as Hospital Doctor – Employer Indemnified. If you are an Intern, refer to Section 7 for details of the cover available to you.

The Category you select should best reflect your qualifications and the nature of the work you undertake.

If you select any of the Hospital Doctor - Employer Indemnified Categories we recommend you:

- Obtain written confirmation from your employer that they will indemnify you for conduct in the course of your employment
- Obtain written confirmation detailing the scope of indemnity provided to you and the extent to which your employer will accept liability for your actions during employment and in particular what insurance they have in place to meet such liabilities. If you are in any doubt, you may refer that document to us so that we can determine the appropriate Category for you
- Clarify the scope of indemnity for consultations with public patients in private rooms and with private patients in public outpatient clinics.

Please note you are not covered under the Policy for matters that arise from practice undertaken under a Rights of Private Practice Agreement.

b) Category listing

Category	Provides cover for:	Excludes cover for:
Staff Specialist With limited Private Practice Intended for Specialists employed in the public sector with responsibilities commensurate with their appointment as a senior specialist by their employer, who undertake clinical and management duties. If you are a specialist employed in the public sector but are not employed as, or do not hold a position as per the above, select Salaried Medical Officer >PGY5	<ul style="list-style-type: none"> • Expenses as per Section 1 of the Policy (refer to page 4) • Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) • Private practice you undertake outside of your employment or Private Practice Agreement (where applicable), subject to annual Gross Income from such work not exceeding \$10,000 or \$25,000 as selected depending on your requirements <p>Note – This Category excludes cover for services provided to public patients in public hospitals outside of your employment and for which you are not otherwise indemnified. If you require this cover please contact us.</p>	<ul style="list-style-type: none"> • Any private practice outside of your employment or Private Practice Agreement where the annual Gross Income exceeds the amount selected • Cover for private practice in: <ul style="list-style-type: none"> • Cosmetics • Neurosurgery • Obstetrics • Claims for compensation arising from public patients where you are not otherwise indemnified or entitled to indemnity for such work and you are required to have your own insurance
Staff Specialist Medical Board and Tribunal cover only Intended for senior specialists employed in the public sector who only require cover for expenses as detailed. If you are a specialist but not a senior specialist you will need to select Salaried Medical Officer Medical Board and Tribunal cover only	<ul style="list-style-type: none"> • Expenses in relation to complaints made to a health practitioner board or a Tribunal responsible for your professional discipline or a coronial inquiry, for matters arising out of your conduct as a medical practitioner • Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) 	<ul style="list-style-type: none"> • Private practice • Claims for compensation arising from public patients where you are not otherwise indemnified or entitled to indemnity for such work and you are required to have your own insurance

Section 6: Hospital Doctor - Employer Indemnified Categories *(continued)*

Category	Provides cover for:	Excludes cover for:
<p>Salaried Medical Officer in Training</p> <p>Intended for doctors predominantly employed in the public sector who are:</p> <ul style="list-style-type: none"> in their 2nd, 3rd, 4th or 5th post graduate year, or enrolled in their initial Australian College GP or Specialist fellowship program (or who will be enrolled within the next 18 months) employed for the sole purpose of training and qualifications leading to the awarding of a Specialist fellowship by an Australian College recognised and accredited by the AMC <p>Doctors who already hold an Australian College Fellowship recognised by the AMC are not eligible for this Category</p>	<ul style="list-style-type: none"> Expenses as per Section 1 of the Policy (refer to page 4) Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) Private practice (including private surgical assistance) you undertake outside of your employment <p>Note – This Category excludes cover for services provided to public patients in public hospitals outside of your employment and for which you are not otherwise indemnified. Section 6: Hospital Doctor - Employer Indemnified Categories *(continued)*

Category	Provides cover for:	Excludes cover for:
Salaried Medical Officer Medical Board and Tribunal cover only Intended for doctors employed in the public or private sector who only require cover for Expenses as detailed.	<ul style="list-style-type: none">• Expenses in relation to complaints made to a health practitioner board or a Tribunal responsible for your professional discipline or a coronial inquiry, for matters arising out of your conduct as a medical practitioner• Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details)	<ul style="list-style-type: none">• Private practice• Claims for compensation arising from public patients where you are not otherwise indemnified or entitled to indemnity for such work and you are required to have your own insurance

Section 7: Interns

a) Introduction

MIGA offers a special Category for Interns, which is **free** and gives you access to a broad range of membership and insurance benefits. This Category is specifically for Employer Indemnified Salaried Medical Officers in their Intern year.

b) Free membership and medical indemnity insurance

In order to maintain free membership and insurance as an Intern for this period, you must:

- Be undertaking your Internship in an Australian hospital
- Hold provisional registration that permits you to work in approved Intern positions.

c) What you are covered for as an Intern

As an Intern you are covered for:

- Expenses in relation to Claims under Section 1 of the Policy, arising out of work you undertake in the public system but only to the extent you are not otherwise indemnified by your employer. Cover is limited to complaints, investigations or proceedings arising solely out of your activities during your Internship
- Private work but **only** where undertaken as part of a training program under an internship approved by the Medical Board and provided you are not otherwise indemnified or are entitled to an indemnity from your employer
- Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details).

d) What you are not covered for as an Intern

Under our Category for Interns, you are not covered for claims or circumstances:

- In respect of which you are indemnified or are entitled to an indemnity from any other source, including the government or a governmental authority, hospital, health service or health authority
- Arising out of any practice, including private practice, that you might undertake outside of an internship approved by the Medical Board
- That arise out of a clinical placement or practice which is not part of an internship approved by the Medical Board.

e) When you complete your Internship

When you complete your Internship and start work as an SMO, MIGA will continue to provide you with ongoing free insurance and membership until 30 June of your 3rd post graduate year.

Your insurance as an Intern will be immediately extended to cover you as a "SMO in Training", at no additional cost to you.

When you have completed your Intern year, it is important that you review the scope of cover provided as an "SMO in Training" and ensure it meets your needs (refer Section 6 of this Guide for details).

If you don't complete your Internship in one year, all you need to do is let us know and we will make sure your insurance as an Intern continues until you start work as an SMO.

Section 8: Other Practice

a) Introduction

The following additional Categories are available for doctors who undertake roles other than those detailed earlier in this Guide.

The Category you select should best reflect your qualifications and the nature of the work you undertake.

b) Category listing

Category	Provides cover for:	Excludes cover for:
Medical Officer at private or public hospital (not Employer Indemnified) This Category is intended for nonspecialists engaged in private or public hospitals undertaking general ward duties, who are required to have their own medical indemnity insurance .	<ul style="list-style-type: none"> Activities and procedures of a non-procedural nature for which you are appropriately trained, qualified and accredited to undertake 	
Surgical Assistance – Specialists This Category is for Specialists who do not perform any surgery but undertake surgical assistance only.	<ul style="list-style-type: none"> Surgical assistance only Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) Prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously 	<ul style="list-style-type: none"> Work in any capacity as the primary or supervising surgeon. If you are the primary or supervising surgeon, you must select the appropriate Specialist Category Any surgery undertaken either during surgery (whether in the presence of the primary or supervising surgeon or not) or on behalf of the primary or supervising surgeon, other than wound closure at the direction of the primary or supervising surgeon
Surgical Assistance – Other This Category is for overseas visiting doctors or non-specialists who do not perform any surgery but undertake surgical assistance or observational roles only.	<ul style="list-style-type: none"> Surgical assistance and observational roles only Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) Prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously 	<ul style="list-style-type: none"> Work in any capacity as the primary or supervising surgeon. If you are the primary or supervising surgeon, you need to select the appropriate Specialist Category Any surgery undertaken either during surgery (whether in the presence of the primary or supervising surgeon or not) or on behalf of the primary or supervising surgeon, other than wound closure at the direction of the primary or supervising surgeon

Section 8: Other Practice (continued)

Category	Provides cover for:	Excludes cover for:
Medical Administrator This Category is for doctors whose role is solely that of a Medical Administrator who are not otherwise indemnified in this role and who are required to have their own medical indemnity insurance.	<ul style="list-style-type: none"> Work restricted solely to patient outcomes arising out of health care treatment, advice or service where the Medical Administrator is alleged to have exercised their medical skill and judgment in their role as a Medical Administrator, but whose responsibilities do not extend directly to clinical patient contact Doctors are also covered for claims arising out of prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously 	<ul style="list-style-type: none"> Claims arising out of managerial or administrative error Any clinical practice
Medical Academic This Category is for doctors whose role is solely that of a Medical Academic and whose responsibilities are restricted to teaching, training, supervising or mentoring doctors or Medical Students in accredited or formalised training programs leading to professional awards who are not otherwise indemnified in this role and who are required to have their own medical indemnity insurance.	<ul style="list-style-type: none"> Work restricted solely to patient outcomes arising out of health care treatment, advice or service where the clinical academic is alleged to have exercised their medical skill and judgment in their role as a Medical Academic but whose responsibilities do not extend directly to clinical patient contact Doctors are also covered for claims arising out of prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously 	<ul style="list-style-type: none"> Claims arising out of managerial or administrative error Any clinical practice
Medical Reporting and Assessment – No Clinical Practice This Category is for doctors who do not undertake clinical practice and whose entire practice consists of consultation, examination and assessment for the sole purpose of reporting in their area of specialty. Doctors in this Category have no doctor/patient relationship with the examinee.	<ul style="list-style-type: none"> Reporting only in the area of specialty in which you are qualified as a registered medical practitioner Where the primary purpose of your report or opinion is for use: <ul style="list-style-type: none"> by a third party in investigating a potential third party claim, as evidence in proceedings, proposed proceedings, or the giving of oral evidence in proceedings or proposed proceedings in relation to a third party claim by a third party (e.g. an insurer or employer) in assessing the examinee for use by a third party Doctors are also covered for claims arising out of prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously. 	<ul style="list-style-type: none"> Any clinical practice
Non-Clinical This Category is for doctors who maintain Medical Board registration but are not practising and have no clinical patient contact (either directly or indirectly)	<ul style="list-style-type: none"> Claims arising solely out of prescription writing, writing referrals and ordering pathology, where undertaken privately and gratuitously, Good Samaritan Acts and Gratuitous Advice 	<ul style="list-style-type: none"> Any clinical practice
Registrar undertaking Specialist training in Private Practice This Category is for Registrars undertaking training as a Specialist in Private Practice, outside of the public sector , who are required to effect and maintain their own medical indemnity insurance and those predominantly employed in the public sector who are training in cosmetics, obstetrics or neurosurgery.	<ul style="list-style-type: none"> All private work where part of a specialist training program 	

Section 9: Retired, Retired Compound Life Members and Temporarily Non-Practising Doctors

a) Introduction

The following Categories are available for retired doctors, retired Compound Life Members and doctors who are temporarily not practising.

Category	Includes	Excludes
Prescriptions Plus (Nil Gross Income)	Provides cover for: <ul style="list-style-type: none"> • Prescription writing • Referrals • Ordering Pathology • Good Samaritan Acts* • Gratuitous Advice* * Refer to page 34 for details	Any other practice
Good Samaritan Acts and Gratuitous Advice only	Provides cover for: <ul style="list-style-type: none"> • Good Samaritan Acts* • Gratuitous Advice* * Refer to page 34 for details	Any other practice

Note – If you are charging a consultation fee (bulk billed or otherwise) no cover is provided unless you select the appropriate practising Category.

If you select one of the above Categories it is important that you read and note the following additional information.

b) Retired Doctors

If you are permanently retired from practice with some form of run-off cover from us, we will write to you separately in relation to your ongoing requirements for renewal of your run-off cover.

If you are entitled to access the Commonwealth Run-off Cover Indemnity Scheme (ROCS), we will also write to you in relation to your entitlements.

If you are currently insured with us and intend to permanently retire you may be able to access ROCS or alternatively we will make you an offer for run-off cover.

If you resume practice (whether temporarily or permanently), you will have no insurance for claims made after you resume practice unless you contact us before commencing practice and effect insurance. Any run-off cover that you already have in place may also cease if you resume practice.

c) Compound Life Membership

Compound Life Membership is available to members who have had continuous financial membership of MDASA for 40 years.

Membership of MDASA is provided at no cost for doctors who have achieved Compound Life Membership to recognise their loyalty and to encourage long term membership.

If you are a Compound Life Member of MDASA who is still practising, no insurance is provided for your practice unless you choose the Category most appropriate to the work you are performing and you arrange insurance with Medical Insurance Australia in this Category.

MDASA Membership for Compound Life Members

The terms and conditions of MDASA's Compound Life Membership benefit are as follows:

- You need to have been a financial member of MDASA for at least 40 years
- The membership must have been continuous (subject to the provisions relating to suspension of membership in paragraph 'e' below)
- Once Compound Life Membership status is achieved, your membership fee for MDASA will be waived, however, you will need to effect and pay for insurance cover if you are still practising or need any insurance
- MDASA reserves the right to review annually the ongoing provision of Compound Life Membership for any and all members.

d) Temporarily Non-Practising Doctors

Non-practising doctors can include those who have already ceased or will be ceasing practice temporarily for the following reasons:

- Taking maternity leave
- Taking long service leave
- Studying
- Working overseas.

Section 9: Retired, Retired Compound Life Members and Temporarily Non-Practising Doctors *(continued)*

e) Suspension of membership

There are times when you may not need insurance but you may like to suspend your membership so that you can maintain your long term benefits with us.

This can occur, for example, when going overseas to work for an extended period, being on maternity leave, or at other times when no longer practising for a period of time.

There are two options for suspending membership, as follows:

If suspension is for a period of up to 12 months

If suspension is for no more than 12 months, doctors will not lose recognition of their years of prior continuous financial membership and insurance with MIGA as contributing towards any assessment of long term membership for the purpose of future insurance arrangements with Medical Insurance Australia, provided that:

- Suspension is not as a result of suspension of registration by the Medical Board or an equivalent body
- You are not practising as a medical practitioner in Australia during the period of suspension
- Insurance has not been arranged elsewhere during the period of suspension.

Note – You can however, purchase cover with MIGA for prescription writing, Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) during the period of suspension without breaching this condition.

During a period of suspension of up to 12 months, your membership status will be recorded as “Short Term Suspended Membership”.

If you reactivate your insurance with us within 12 months of the start of your period of suspension, the period prior to suspension will count towards your continuity of membership for any assessment of your long term membership with MIGA for the purpose of future insurance arrangements with Medical Insurance Australia.

The period of suspension will not count towards any assessment of your length of continuous financial membership with MIGA when you reactivate your insurance and membership with us.

If you arrange insurance for prescription writing, Good Samaritan Acts and Gratuitous Advice during a period of suspension, then the period during which you have this insurance will count towards assessment of your length of continuous financial membership with MIGA.

During the period of suspension, no annual membership fee will be charged and you will not be entitled to any membership services, unless you have arranged ongoing cover for prescription writing, Good Samaritan Acts and Gratuitous Advice with us.

At the end of the 12 month period (or if you resume practice earlier), it is important that you contact us to advise if ongoing suspended membership is required or whether you would like to reactivate your insurance with us.

If suspension is for a period of more than 12 months

If suspension extends beyond 12 months, prior and continuous financial membership of, or insurance with, MIGA does not automatically count towards any assessment of long term membership for the purpose of any future insurance arrangements with Medical Insurance Australia.

If your period of suspension is going to exceed 12 months and you would like to maintain your continuity benefits with us, then we can offer you “Long Term Suspended Membership”.

This is available to members who want to suspend their membership for up to 36 months. **It is not available for suspensions beyond 36 months.**

A (low cost) membership fee is payable annually for Long Term Suspended Membership however, you will not be entitled to any membership services during the period of suspension.

The key benefit of Long Term Suspended Membership is that if you reactivate your insurance with MIGA within 36 months of the start of your period of suspension, your prior periods of insurance with MIGA prior to suspension will count towards your continuity of membership for assessment of your long term membership with MIGA.

This applies only if:

- You have paid the annual membership fee each year
- Suspension is not as a result of suspension of registration by the Medical Board or equivalent body
- You have not practised as a medical practitioner in Australia during the period of suspension
- Insurance has not been arranged elsewhere during the period of suspension.

Note – You can however, purchase cover with MIGA for prescription writing, Good Samaritan Acts and Gratuitous Advice (refer to page 34 for details) during the period of suspension without breaching this condition.

The period of suspension will not however, count towards any assessment of your length of continuous financial membership with MIGA when you reactivate your insurance and membership.

If you arrange insurance for prescription writing, Good Samaritan Acts and Gratuitous Advice during a period of suspension, then the period during which you have this insurance will count towards assessment of your length of continuous financial membership with MIGA.

At the end of the period of suspension (or if you resume practice at any time), it is important that you contact us to advise if insurance or membership is required.

If you do not insure again with MIGA at the end of the 36 months from the date you first suspended, you will lose your long term membership benefits with MIGA, even if you insure with us at a later date.

Section 9: Retired, Retired Compound Life Members and Temporarily Non Practising Doctors *(continued)*

Insurance

If you suspend your membership, it is important to note that you have no insurance cover after your date of suspension for:

- Incidents that occur after your date of suspension – unless you arrange ongoing insurance
- Incidents that may have occurred before your date of suspension and after your indemnity changed to a claims made basis – unless you arrange Run-off cover.

Run-off cover is available on an annually renewable basis to cover you for claims made during the period of suspension for incidents that may have occurred whilst you were still practising.

If you are ceasing practice because of maternity leave, you will be entitled to access free run-off cover via ROCS.

If you intend to cease practice or wish to suspend your membership you will need to advise us of the following:

- The date you ceased practice or the date you intend to cease practice
- The reason for ceasing practice, and
- If you require cover for claims made after the date you ceased practice for incidents which occurred prior to ceasing practice (and after your retroactive date).

If you resume practice at any time (whether temporarily or permanently) you must notify Medical Insurance Australia before you commence practising to arrange appropriate insurance. If you do not, you will not be entitled to any cover for claims that are made in relation to incidents which occur after you resume practice.

Section 10: Declaration of Gross Income

a) Introduction

Your Change of Details or Application Form requires you to advise us whether you require cover for the treatment of public patients and if so, to provide separate estimates of your Gross Income from both your private and public practice for which you require cover from us.

The reasons for this are:

- Doctors are not eligible for a premium support subsidy under the Premium Support Scheme with respect to the proportion of premium payable in relation to Gross Income generated from the treatment of public patients
- This information is required by the Australian Government and our reinsurers.

Premiums are determined in part by the Category you select, whether you require cover for the treatment of public patients and your Gross Income or Sessions. Lower premiums are available in most Categories for doctors who work part-time or have limited their practice (subject to the payment of minimum premiums).

Entitlement to cover is dependent upon provision of accurate information about your practice including your Gross Income or Sessions. Failure to provide accurate information (which affects the premium rate) may affect your entitlement to cover.

If you do not provide us with an updated estimate of Gross Income, renewal will be based on your current estimate of Gross Income held on file at the time of renewal.

b) Definition of Gross Income

Gross Income:

Means the total of all billings generated by you from all areas of practice for which you require medical indemnity cover for the Policy Period (in your name or for which you are personally liable), including without limitation:

- (i) Medicare benefits; and
- (ii) Payments by individuals, the Commonwealth Department of Veterans Affairs, Workers' Compensation Schemes and third party and/or vehicle insurers; and
- (iii) Income earned for medical practice overseas that is covered by the Policy

whether retained by you or otherwise and before any apportionment of any expenses and/or tax.

If as part of practice, you derive income from any other sources (such as professional fees, incentive payments, etc) this income must be included in the declaration of Gross Income.

Please also note the following:

- The Gross Income you must declare is the total of the amounts set out above. It is not sufficient to declare only your gross taxable income or net after tax income.
- If you are an employee and you are not indemnified by your employer for your work and are paid a salary or a percentage of your income, you are still required to determine your Gross Income as per the above definition.
- In relation to Medicare billable procedures, you need to include the total amount that you have billed the patient for the procedure not just the Medicare rebate amount.

If your actual Gross Income exceeds your estimated Gross Income you must notify us immediately.

As a guide your declaration of Gross Income should include:

- Medicare billings before any rebates
- Sums billed to patients where there is no Medicare rebate
- Payments to you by individuals, the Commonwealth Department of Veterans Affairs, Workers' Compensation Schemes and third party and/or vehicle insurers
- Income derived from any other source as part of your medical practice for example, professional fees and incentive payments
- Income derived from public patients where you are not otherwise indemnified by the public sector or your employer for example, where you are required to maintain your own medical indemnity insurance for such.

When calculating your actual or estimated Gross Income, you must declare or estimate the total of all income attributable to the healthcare treatment, advice or service you provide or for which you are personally liable and for which you are insured by MIGA. It is not sufficient to only declare drawings you expect to receive or retain or your salary.

c) Special cases

If you are practising in any of the following Categories please advise your average number of 'Sessions' per week.

- Cytology
- Emergency Medicine
- Medical Officer at Private or Public hospital (not Employer Indemnified)
- Pathology
- Radiation Oncology
- Radiology

If your actual number of Sessions during the Policy Period exceeds, on average, the number of Sessions that you declared to us, you need to contact us immediately.

'Session' means part of a day not exceeding 4 hours in total.

Section 10: Declaration of Gross Income *(continued)*

d) Adjustment of Gross Income / Sessions

Medical Insurance Australia may adjust premiums based on a declaration of actual Gross Income/Sessions after expiry of the Policy Period.

If Medical Insurance Australia requires a declaration of actual Gross Income/Sessions for the Policy Period, a statutory declaration will be forwarded to you for completion within 120 days after expiry of the Policy Period.

e) Audit of Gross Income / Sessions

Medical Insurance Australia may, at its discretion and at its cost, require an audit of the declaration referred to in (d) above, in which case you are required to provide Medical Insurance Australia with all information and assistance reasonably required for the purpose of the audit.

The Policy also contains a condition that applies where you do not provide Medical Insurance Australia with the declaration referred to in (d) or if you do not provide the information and assistance referred to above. In such cases, Medical Insurance Australia may audit your Gross Income/Sessions for the Policy Period and you will be required to meet the cost of that audit.

Section 11: Other matters to consider

a) The Policy

Our Medical Indemnity Insurance Policy has been developed to meet the needs and requirements of modern medical practice and the unique requirements our doctor members

Note – Insurance policies available through MIGA are issued by Medical Insurance Australia Pty Ltd. MIGA has not taken into account your personal objectives or situation. Before you make any decisions about our policies, please read our **Product Disclosure Statement** and consider your own needs.

A copy of the applicable Policy will be provided to you at the time you receive your renewal offer or at the time you obtain a quotation to effect cover with MIGA.

It is very important that you read the Policy and familiarise yourself with the scope of cover, terms, conditions and exclusions.

The information in this Section is for guidance only. Entitlements under the Policy are determined in accordance with the terms and conditions of the particular Policy and Policy Schedule which are issued.

b) Extension to cover

The following optional extension to cover is available. If you require this extension please provide us with the details and we will assess your circumstances individually.

If this extension to cover is granted it will be noted on your Quotation and Policy Schedule and a premium loading may apply.

Extension to cover	Details
Practice outside the Commonwealth of Australia (beyond the automatic cover)	We can consider providing cover beyond the automatic extension, for practice overseas that exceeds the time limits in the automatic extension. No cover can be granted for practice in the United States of America or in jurisdictions to which the laws of the United States of America apply.

c) Cover for treatment of public patients

Cover for treatment of public patients is automatically provided (refer Automatic extension 2.15 of the Policy), subject to the terms and conditions of our Policy, except where:

- You are otherwise indemnified for such claims, or
- You are insured in a specific Category that excludes or does not extend to cover claims arising out of the treatment of public patients (see below).

If your practice involves the treatment of public patients, it is important that you clarify whether you are indemnified by any other source (including but not limited to a State Government or your employer) for claims that arise out of such work.

If you are indemnified, or entitled to be indemnified, by any other source (including but not limited to a State Government or your employer) for the treatment of public patients, you will not be insured under our Policy for any claims that arise out of such treatment (refer to Policy exclusion 5.25).

Where cover for the treatment of public patients is required it is important that you:

- Check your Category to make sure it does not specifically exclude cover for the treatment of public patients:
 - Some Categories exclude cover for treatment of public patients e.g. GP Rural – Private Only (SA Only) (see below)
 - If your Category excludes cover for the treatment of public patients, call us to change your Category to one that meets your specific requirements
- Include your Gross Income/Sessions from public work in your declaration of Gross Income/Sessions to us.

Categories that specifically exclude cover for treatment of public patients

Please note some Categories specifically exclude cover for treatment of public patients and they are:

- GP - Rural Private Only (SA Only) and GP Obstetrics – Rural Private Only (SA Only) – refer Section 3
- Interns – Refer Section 7
- Employer Indemnified – refer Section 6

If you select any of the above Categories:

- No cover is provided under Section 1 of the Policy for claims for compensation arising from the treatment of public patients
- Cover is provided under Section 1 of the Policy for Expenses incurred in relation to complaints, inquiries, investigations etc in relation to the treatment of public patients:
 - To the extent you are not otherwise indemnified
 - Subject to specific limitations in some Categories.

For example, for the Category of “Employer Indemnified Staff Specialist – Medical Board/Tribunal cover only” cover under Section 1 Expenses of the Policy is restricted solely to inquiries etc by a health practitioner board, Medical Tribunal or coroner.

Section 11: Other matters to consider *(continued)*

In other Categories, the scope of cover for treatment of public patients may be determined by the specific activities covered within that Category e.g. if you select “Medical Academic” you are not insured for any claims that arise from clinical patient contact of any kind, whether they are public or private.

If you provide treatment to public patients and you are not clear on the cover provided by us, please contact our Client Services Department to clarify your entitlements.

Information on cover for public patients

You are required to provide an accurate estimate of your Gross Income/Sessions for the treatment of public patients for which you require cover from us. This is because we require data on the proportion of our insured doctors who need this cover.

It is important to note that you will still be entitled to indemnity for claims arising from the treatment of public patients, provided:

- You are not otherwise entitled to indemnity for such work
- You advise us of your income/sessions for such work in your declaration of Gross Income/Sessions; and
- It is not excluded by the specific Category that you have selected.

d) Good Samaritan Acts and Gratuitous Advice

Cover for Good Samaritan Acts and Gratuitous Advice is automatically included, provided you have current insurance when the claim is made and the incident occurred after any relevant retroactive date in your Policy.

Good Samaritan Acts

These are defined as acts where a doctor (or an employee, as defined) provides medical treatment or advice in an emergency situation (e.g. at the scene of an accident) subject to the following:

- It must be for an unforeseen emergency situation
- There is no other indemnity or immunity that applies (e.g. via legislation, from the State Government, your employer or any other party)
- There is no request for payment or reward for the service and no ongoing care is provided.

Gratuitous Advice

Gratuitous Advice is defined as advice provided by the doctor fortuitously and outside of commercial medical practice, subject to the following:

- The doctor is registered at the time the advice is given
- There is no payment or reward for the advice
- No cover is provided for prescriptions, unless you have insurance for prescription writing with Medical Insurance Australia.

If you are only insured for Good Samaritan Acts and Gratuitous Advice no cover is provided in circumstances where you undertake voluntary medical work or you work on a pro-bono basis.

If you work on a voluntary or a pro-bono basis you must select a Category for practising doctors as outlined in this Guide.

Section 12: Important Notices

a) Notice to the Proposed Insured

Your duty of disclosure

Under the Insurance Contracts Act 1984, you have a duty to disclose to us matters relevant to our decision to enter into a contract of insurance. This means that before you enter into an insurance contract you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms. You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for
- is common knowledge
- that we know or in the ordinary course of our business as an insurer ought to know, or
- we waive your duty to tell us about.

If you do not tell us something

If you do not tell us anything you are required to, we may avoid your contract as if it never existed, or reduce the amount we will pay you if you make a claim, or both.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Comment

The requirement to comply with your duty of disclosure in relation to anything which may be material to the risk for which you seek cover (e.g. claims, whether founded or unfounded), or to the magnitude of the risk, is of the utmost importance when entering into a contract of insurance. It is better to err on the side of caution by disclosing anything which might conceivably influence our consideration of your proposal.

b) Claims made insurance

The Policy offered by MIGA is on a claims made basis. This means the Policy will respond to claims made against you and notified to us in writing during the Policy Period, subject to the Policy terms and conditions.

The Policy will not provide cover in relation to:

- events that occurred prior to the retroactive date specified in the Policy Schedule
- claims first made against you or claims first notified to MIGA after the expiry of the Policy Period even though the event giving rise to the claim may have occurred during the Policy Period
- claims notified or arising out of facts or circumstances notified (or which ought reasonably to have been notified) under any previous policy or indemnity arrangement
- claims made, threatened or intimated against you prior to the commencement of the Policy Period
- facts or circumstances of which you first became aware prior to the Policy Period, and which you knew (or ought reasonably to have known) had the potential to give rise to a claim under the Policy
- claims arising out of circumstances noted on any Change of Details Form or on any previous Application or Renewal Form
- any matter contained in the Policy exclusions.

However, where you give notice in writing to us of any facts that might give rise to a claim against you as soon as reasonably practicable after you become aware of those facts but before the expiry of the Policy Period, the Policy will, subject to the terms and conditions, cover you notwithstanding that a claim is only made after the expiry of the Policy Period.

Section 12: Important Notices *(continued)*

c) Retroactive cover and your retroactive date

Medical indemnity insurance provided by MIGA covers claims made during the Policy Period for incidents that occur after your retroactive date and before the end of the Policy Period. It is important you note the following:

- Your retroactive date is recorded in your Quotation and Policy Schedule
- You are not covered for any claim made against you during the currency of your medical indemnity insurance relating to an incident or circumstance that occurred prior to the agreed retroactive date
- If you were a member of MDASA prior to 1 July 2000 the retroactive date on your insurance Policy will be 1 July 2000. This means the insurance will cover claims made during the Policy Period for incidents that occurred on or after this date, subject to the Policy terms and conditions
- If you were a member of MDASA prior to 1 July 2000, your current insurance and membership arrangements do not affect any prior claims incurred entitlements you have with MDASA
- Different retroactive dates may apply in relation to Category upgrades and other changes to cover. Please refer to any Special Conditions in your Quotation and Policy Schedule.

Do you require a change to your retroactive date?

It is important to consider whether you require any changes to your retroactive cover.

The *Medical Indemnity (Prudential Supervision and Product Standards) Act 2003* requires that we make an offer to you:

- before you enter into the Policy;
- whenever you renew the Policy; and
- before the Policy comes into effect

for retroactive cover for claims that are made against you during the Policy Period in relation to your otherwise uncovered prior incidents.

As a guide, you may require retroactive cover if any of the following circumstances apply:

- Your claims incurred membership with an MDO was not continuous (i.e. you had gaps in your membership)
- You had claims incurred membership with an MDO but you were not a financial member of the MDO at the time you resigned or left. You may not have been a financial member for example, if you did not pay a call, had outstanding subscriptions or you did not resign in accordance with your obligations under the Constitution of the MDO
- You had claims made membership with your prior MDO and did not purchase run-off cover at the time you resigned or left
- You purchased run-off cover at the time you resigned or left your prior MDO on an annually renewable basis, which you have not maintained
- You had a prior period of claims made insurance with an insurer for which you did not effect and maintain run-off cover
- You practised without membership of an MDO or without insurance (i.e. you were self-insured)
- The nature of your practice has changed in the past but you did not inform your prior MDO or insurer of all relevant changes.

In making you an offer for retroactive cover we will rely on you to advise us:

- if you require retroactive cover;
- the period(s) for which you believe you were uncovered; and
- the nature of your practice during the period(s) you believe you were uncovered.

If at any time you believe your claims made retroactive date may not be appropriate (because you have become aware that you may have an uncovered prior period that you did not take into account at the time of effecting or renewing your medical indemnity insurance) please contact us so that we can review your requirements for retroactive cover.

If you advise us of an uncovered prior period during the currency of the Policy we will provide you with an offer to amend your retroactive cover mid-term.

Section 13: Important Notices *(continued)*

d) Notification of claims and circumstances

The Policy requires that you provide written notice of any claim made against you during the Policy Period.

This involves you advising us of the full details of an alleged incident and any subsequent claim as soon as you become aware of it and in any event prior to the expiry of the Policy.

If you do not provide the required notice during the Policy Period then you may not be covered in respect of that claim. It is very important you ensure we are advised as soon as you become aware of a claim and that you ensure this notification is made to us before the Policy expires.

In addition to this, it is important that you note the following in relation to the notification of circumstances during the Policy Period.

The Insurance Contracts Act provides that if, after the end of the Policy Period, a claim is made against you which arises from facts that might give rise to a Claim that you notified to us:

- in writing;
- as soon as reasonably practicable after you became aware of them; and
- before the end of the Policy Period

then we will provide cover in accordance with the terms and conditions of the Policy in respect of the claim against you, even if the claim was made against you after the end of the Policy Period.

We therefore encourage you to notify us as soon as you become aware of any circumstance or incident which has the potential to lead to a claim, whether or not a formal claim is made against you.

e) Privacy

The information you provide to MIGA will be used to determine the terms and conditions on which it may offer to renew or provide you with insurance and membership. MIGA may provide your personal information to its related bodies corporate and to third parties including insurance agents, brokers, insurers, reinsurers, reinsurance brokers, lawyers, actuaries, auditors, premium funders and medical boards in Australia and overseas. MIGA may also provide personal and other information about the currency of your medical indemnity insurance to any health care provider from which you seek admitting rights or to which you apply for work. If you are an employee (or you are contracted to provide medical services), MIGA may also provide personal and other information to your employer or prospective employer about your claims and circumstances history where you have authorised your employer or prospective employer to receive such information.

MIGA is required under the terms of the *Medical Indemnity Act 2002* to provide to the Australian Government upon request any information that you provide to MIGA that may be relevant to determining an entitlement to an indemnity or subsidy scheme payment under that legislation.

If you refuse to provide information required by MIGA, or fail to provide accurate information, or refuse the use or disclosure of information, this may compromise your entitlement to services from, and cover under current or future insurance contracts issued by MIGA. In most circumstances you can access the information which MIGA holds about you but sometimes there will be reasons why that access is not possible, in which case you will be told why.

From time to time MIGA may offer you information on our products or services that may be of interest to you. Please contact us if you do not wish to receive this information.

In collecting your information, MIGA will comply with the *Privacy Act 1988*.
