

Manage your risk **and** reduce your insurance premiums by 10%

Why is risk education important?

Taking proactive measures to reduce or avoid complaints and claims is far better for you and your patients than dealing with the issues, stress, emotional impacts and possible damage to your reputation that can follow an adverse outcome.

Understanding where risks lie and why mistakes happen is not as obvious as it may seem. MIGA supports you with risk education that addresses known and emerging areas of risk identified from both our claims files and medical literature.

MIGA's risk education

- Our Program runs annually from 1 April until 31 March
- The Program includes 5 Point and 10 Point activities
- Earning 10 Points earns you a premium discount at your next insurance renewal
- Flexible formats available: Face to face, online in small groups and self-directed learning
- As you are automatically enrolled, you can log in to REO and complete your activities now (see link below).

Expand your knowledge of risk in practice and earn an insurance premium reduction of 10%

The benefits of participating

- Improve the outcomes for women you care for
- Reduce the potential for claims and complaints
- Avoid the personal impacts of the claims process
- Access valuable resources, tips and tools
- Meet the Federal Government's insurance requirements for risk management education
- Earn a 10% premium discount¹
- Claim College of Midwives points
- Connect with colleagues and learn through shared experiences.

¹ The risk management discount applies to the insurance premium at your next renewal and not to other charges such as membership fees, GST, ROCS levy or stamp duty. Risk Management Terms and Conditions apply.

What's available?

5

Online Workshops

Attend a 2 hour interactive, Online Workshop. With up to 7 topics available, there is something for everyone. Simply attend from your home or office.

5

Webinars

Look out for MIGA webinars that are offered in each Program. These are large group, broadcast seminars on topical issues. Quite often, they become available online to watch on demand for those who missed them originally.

5

Modules

Prefer self-directed learning that you can complete at a time convenient to you? With up to 8 different topics available, you'll find something relevant to you. If you are short on time you can start a Module and save your progress, when you come back to it you can pick it up from where you left off. Each Module takes approximately 2 hours to complete.

10

Practice Supports

Complete a Practice Support activity addressing an area of risk within your practice. We have several options available. Each involves using an MIGA assessment tool, discussing the results with your peers and us, and implementing an improvement to your practice.

5

Practice Reviews

Spend some valuable time investigating the risks in your practice with our Practice Reviews: complete one of our 16 straightforward Self-Assessment tools and implement an improvement to your practice.

5

Midwifery Practice Review

You can also earn Points in the Program that you completed your MPR.

5

External Activities

MIGA accredits some external education courses, providing you with more options to earn Points within the Program. Log in to REO to check out the list of accredited activities.

How to get started

We are happy to guide you each step of the way, even if you've got no experience in online education. Don't hesitate to give this a go – we are here to help!
