

Manage your risk **and** reduce your insurance premiums by 10%

About the Program

MIGA's Risk Management Program offers access to a wide range of educational tools and support and a 10% premium discount on completion¹.

It is available at no charge for doctors insured with MIGA and there are a number of options for how you can complete the Program each year. If you are already enrolled in the Program, we hope this information will help you plan your activities for the 2020/2021 year. If you are not enrolled it's easy to do so – just contact us and we will arrange it.

Why is the Risk Management Program important?

The Program gives you access to tools and resources to support you in managing day to day risks in your practice.

In addition to the premium discount and the ability to claim CPD points, we believe the Program will assist you with:

- ✓ Making improvements in managing risk in your practice
- ✓ Reducing your exposure or vulnerability to complaints and claims
- ✓ Improving patient outcomes
- ✓ Avoiding the stress and pressure of the claims process
- ✓ Valuable resources, tips and tools for your day to day practice
- ✓ Access to a source of advice when issues arise within your practice
- ✓ Connecting you with colleagues and learning from their experiences

2 activities worth
5 points each
= a 10% premium
discount!

¹ The risk management discount applies to the insurance premium at your next renewal and not to other charges such as membership fees, GST, ROCS levy or stamp duty. Risk Management Terms and Conditions apply

The Program for 2020/2021

COVID-19 has brought with it many challenges and changes to how we are all functioning on a day to day basis.

For the moment, MIGA cannot offer our risk education via our usual face to face Conferences and local Workshops. However, we will continue to offer Workshops online and provide plenty of other opportunities to complete self-directed activities online via REO (Risk Education online).

We will be communicating with you over the next few months to keep you up to date on our progress and what's on offer. In the meantime here is a summary of activities available to you online.

Each activity below is worth 5 Points, so completing 2 activities by 31 March 2021 entitles you to your 10% premium discount when you renew with MIGA in June 2021. Many activities also entitle you to CPD points with most Colleges.

Workshops

Workshop topics are varied, with up to 12 to choose from. They are live (conducted via a virtual classroom), 2 hours long and you can participate from anywhere, on any internet connected device.

Modules

A range of on-line Modules are available, with some being specialty specific. You will definitely find something that is relevant to you. Make your way through the Module, in your own time. Each takes about 2 hours to complete.

Practice Reviews

Spend some valuable time investigating the risks in your practice with our Practice Self-Assessment and Action Plan. Submit a Practice Self-Assessment to help identify the vulnerabilities in your practice and make improvements in your practice to close the quality cycle.

Doctors' Health Assessment

Take the opportunity to focus on your own health using our guidelines for a Doctors' Health Assessment. See your usual GP or take the step to find a medical practitioner who specialises in caring for doctors. You won't regret it. There is no better time to take control of your own wellbeing.

Accredited Activities

Alternatively, you can complete an activity offered by your College or other education provider, which has been accredited by MIGA. Check the list of current activities in REO.

How to get started

We can help you each step of the way, even if you've got no experience in online education. Don't hesitate to give this a go – we are here to help!
